

ADD-A-LOCK

The Add-A-Lock is a portable lock that can be easily installed and removed on almost any door, in seconds, giving you the added security and privacy once you are in your home. The Add-A-Lock is a portable lock that can be attached to the front door or any other door in your home to provide you with additional security and privacy. Take it with you when you travel to use on the door of your hotel, motel, hostel, bed and breakfast or any accommodation where you will be temporarily staying. Great for students living away from home at college, on or off campus and great for when they travel.

The ADD-A-LOCK is made from chrome plated carbon steel and together with its unique shape is adjustable to almost any door thickness.

- Provides additional security and privacy.
- Installs in seconds, no tools required.
- Portable.

Optional pouch
